## **ACS Cage Card Holder Kit**

**C79252**

The OptiMICE Cage Card Holder Kit provides the user with a stainless steel 3 x 5 card holder mated to an autoclavable polymer adapter. This kit replaces the standard cage card clip, and allows simple slide-out removal of the card holder itself. In use, the holder can be rotated up 45 degrees for superior card viewing or flagging. The adapter snaps securely into place in the OptiMICE cage card cavity and prevents bedding capture. Our standard cage card holder works with this new molded adapter.
